**University Sickness Absence Policy**

Absence from any part of a programme of study or from any assessment for whatever reason **must** be notified in writing to the Department of Computer Science at soon as possible.

If your absence has not affected any continuous assessments or examinations, then you must submit this **absence form** to notify the Department.

- If your absence is due to illness and has lasted **5 days or less** than this form counts as Certificate of Illness which does not require signature by a medical practitioner. The Certificate cannot be accepted if submitted more than two weeks following the date of illness. A maximum of two Certificates is permitted in any semester.

- If your absence is due to illness and has lasted **more than 5 days**, then you require a medical certificate authorised by a medical practitioner that needs to be submitted together with the absence form.

- Absence for any other reason and any duration, for instance personal problems or bereavement, requires prior authorisation by the Head of Department or the absence form needs to be accompanied with some supporting independent evidence explaining your absence.

Absence from studies or any other circumstances that have **affected continuous assessments or examinations** must also be notified. The procedure that you need to follow to do so is described in the Student Handbook.
